EXAMINER INTERVIEW SUMMARY

MAIL STOP AF
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

An Examiner Interview was conducted between Applicants' Representatives, Jacques L. Etkowicz and Eric Berkowitz and Examiner Eric Kao on November 13, 2009. During the Examiner Interview, Applicants' Representatives argued the patentability of claim 1 over Moriyama et al. (US 2004/0198430) in view of Rautiola et al. (US 5,991,639). No agreement was reached regarding claim 1.

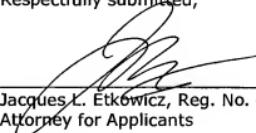

The Examiner acknowledged that the argument regarding claim 1 with respect to the secondary reference to Rautiola was ambiguous and suggested that after our response was filed a non-final Office Action would issue correcting this ambiguity. He further suggested that the non-final Office Action may still include the same references to Moriyama and Rautiola. Applicants' Representatives note in this Interview Summary that the outstanding Office Action is a Final Office Action and

presume that any new Office Action issued by the Examiner from this Final Office Action would be another Final Office Action.

Respectfully submitted,
